Proud

Roger Daltrey

(Russ Ballard)
Ackee Music, Inc. ASCAPIt could never be
Someone like you could fall for me
You with you big scenes,
me with my long hair and my jeans.Everywhere I go
A crowd of people stop to stare
They can see it's you
Oh, but they don't believe,
It's me who's standing there.Proud, Ooo that makes me proud
Proud, that makes me proud.Years don't mean a thing
In fact it fills my mind with pride
When people see it's you
You know they can't believe it's me who's by your side.Proud, that makes me proud
Proud, that makes me proud.(You make me proud
Yes, you make me so proud)Everywhere I go
A crowd of people stop to stare
They can see it's you
Oh, but they don't believe
It's me who's standing there.Proud, you know that makes me proud
Proud, Ooo that makes me proud.(You make me proud
Yes, you make me so proud)You make me so proud
Ooh, make me proud
Yeah I'm proud
So proud
