No Survivors

Prowess

Speeding like a bullet straight to your chest
Not going down, I'm rolling with the best
With a savage army headed for the kill
Hellbound for glory, It's that type of thrill

Keep on fighting to the top and it's never gonna stop

We are the warriors taking no prisoners
Coming on like a pile driver
You'll hear us coming way before you see us
Singing NO SURVIVORS

We've all heard the stories and we know what you want
Gotta keep on pushing on 'til the blood runs hot
The battle rages on as you slowly lose your mind
And if you can't handle it you better run and hide

The night is young and we're ready to run & the story's just begun

We are the warriors taking no prisoners
Coming on like a pile driver
You'll hear us coming way before you see us
Singing NO SURVIVORS

We are the warriors
We are the warriors

Flying high from a mile away
Falling hard and it's gonna stay
As they try to get away

We are the warriors taking no prisoners
Coming on like a pile driver
You'll hear us coming way before you see us
Singing NO SURVIVORS

We are the warriors taking no prisoners
Warriors, we fight to stay alive
You'll hear us coming way before you see us

Singing NO SURVIVORS

NO! SURVIVORS! Scream it out
NO! SURVIVORS! Shout it out
NO! SURVIVORS! Let me hear you say
NO! SURVIVORS!
NO! SURVIVORS!
NO! SURVIVORS!

NO SURVIVORS
