Baby

Until June

When planes fly away do you feel left behind?
the tokyo lights or the blue desert skies
baby imma waste your time if i live but i'll never try
maybe i'm a foolish man, but i hope that you'll understandwhen the sun falls asleep in the sea i'll be gone
i've walked all these streets and now it's time to move onbaby imma waste your time if i live but i never try
maybe i'm a foolish man, but i hope that you'll understandbaby, hold me
hold me now
all the things we forget, love
ooh oohbaby imma waste your time if i live but i never try
maybe i'm a foolish man, but i hope that you'll understand
baby imma water your time if i live but i never try
maybe i'm a foolish man, but i hope that you'll understand
