

Sugar and Honey

[Roy Orbison](#)

Sugar and honey is what I cry for
Sugar and honey is what I'd die for
And darlin' doll, you make my life worthwhile
Because I want you, sugar and honey Sugar and honey keep me goin'
Sugar and honey, I been a knowin'
Well, every time your lovin' lips meet mine
You know I want you, sugar and honey A little bit of sugar, a whole lotta honey is alright
Sugar and honey mornin', noon and night
Give me sugar and honey anytime Sugar and honey is what I live for
Sugar and honey for the flavor
Every little bitty thing you do
Just makes me love you, sugar and honey
