

# Make the World Go Around (feat. Shy Glizzy)

## Young Dolph

Real niggas make the world go around  
Real niggas make the world go around  
I say real niggas make the world go around Welcome to the world of a dope  
Grew up in the hood where my role model was a dope  
A bad muthafucka, 9 years on smoke  
19 I wanted a plug, said fuck it, flew to Oakland  
Now I'm gettin' money with my West Coast homies  
7 piece of strong with the FN on me  
Why ya lay out with that freak-o out here in these streets?  
From South Memphis all the way up to South West DC  
They say real niggas make the world go around  
Might pull up on you and front you 100 pound  
Swervin' in that foreign, I done lost most control  
Fuckin' with the plug got me outta control  
Real niggas make the world go around  
Real niggas make the world go around  
I say real niggas make the world go around  
I walk up in this pageant like a trap nigga  
Know that fam different from these rap niggas  
Facts, nigga, neva pick ya back niggas  
If ye don't kick ya step, ya might get stabbed nigga  
Shout to Paperrast, shout out to SouthMessin'  
Fake nigga, sit yo ass in detention  
Every time see me bitch, I got my ab-special  
THis pussy niggas just went [?] my tension  
I remember I couldn't get an ounce  
I just moved my momma in a bigger house  
Bigger choppers under the bigger couch  
I got bigger barrels for a bigger mouth Real niggas make the world go around  
Real niggas make the world go around  
I say real niggas make the world go around
