

Saxo

PRIGAL

To dance
Tonight
To dance
Tonight

Keep on dancing to the power
Of that saxofone player
Moving shakking body and soul
Thousand houses go awell togheter
To everybody, grooving doy
Saxo, jazz to eletronic toy
Open your eyes and give a smile
Stay around don't fall behind

To dance
To night
To dance
It's the music culture

To dance
Tonight
To dance

It's all right to be happy
Fall on the song and don't worry
Saxo house around my body
Get it all and set you free

To dance
Tonight
To dance
It's the music culture

To dance
Tonight
To dance

It's the music culture
