

Song For Love

Extreme

I lie awake with open eyes
My love just died, I'm cold inside
Can't face the thought to be alone
All by myself, on my own, love's come and gone I look around and see
The hearts that still are broken
I can't believe all of our
Hearts remain unopened We can't go on and on
With that same old song
So wipe off the frown
And turn around and face each other Come on, come on
Let's sing a song
A song for you, a song for me
A song for love All for one and one for all together
Singing a song for love
You and I are none without the other
Singing a song for love You let the time pass by
Big boys don't cry, believe that lie
A broken heart that never mends
Is this the end? Listen my friend These walls of hate
That separate on from the other
Time to rebuild bridges of love
One to another Come on, come on
Let's sing a song
A song for you, a song for me
A song for love All for one and one for all together
Singing a song for love
You and I are none without the other
Singing a song for love All for one and one for all together
Singing a song for love
You and I are none without the other
Singing a song for love Come on, yeah
Come on, come on, everybody All for one and one for all
Singing, singing a song
You and I, you and I, can learn to fly
Singing, singing a song It's all for one and one for all
You gotta sing
Singing a song for love
