Benfica

Panda Bear

Some might say that
To win's not all that it's about
It's just not something to say
But there is nothing more true
Or natural than wanting to win
To win's not all that it's about
It's just not something to say
But there is nothing more true
Or natural and wanting to win
To win's not all that it's about
It's just not something to say
But there is nothing more true
All natural and wanting to win
There's nothing more to life
Nothing more to life
Nothing more to life
Nothing more to life
