Dance Off Time

Plain White T's

Me plus you
Is greater than or equal to
The sum of every love we knew
Back when we were youngAnd if we multiply
I hope to God they get your eyes
And we get something that they can't divide
Cause baby you are the oneAnd we can dance off time
To songs I make up for you
Cause every word I write, chord I strike
Is for you, oh it's to youYour sun-kissed skin
A souvenir of where we've been
You make me feel born again
Hallelujah, amenAnd when the angels sing
(Feels like heaven pouring down)
And when the church bells ring
(And my queen is crowned)
Well I could be your king
Just like when we were youngAnd we can dance off time
To songs I make up for you
Cause every word I write, chord I strike
Is for you, oh it's to youAll my life I've been running wild
Too young to settle, foot on the paddle
Always chasing the perfect tide
Till you unlocked, yeah you unlocked
This heart of mineAnd we can dance off time
To songs I make up for you
Cause every word I write, chord I strike
Is for you, oh it's to you(One, two three, four...)And we can dance off time
To songs I make up for you
Cause every word I write, chord I strike
Is for you, oh it's to you
