

All Good Naysayers, Speak Up! or Forever Hold Your

Sufjan Stevens

All good thoughts in spite of righteousness
Is not the kind of thoughts in spite of greatness
Often not the state is advocacy
If we form a power of recognition Forget loss and perfect advocacy
If it drops or stays in convocation
All we praise is all we want in commerce
All we praise is parties, foreign commerce Entertain ideas of great communion
Shelter not materials in union
All we praise is not the kind of commerce
That's the right solution All good thoughts is not the act of doing
What we want but what we should improve
Properties, ideas, a woman's pleasure
Is empowered by love, a perfect measure
