

# Godgun

## Floater

My gun is loaded  
My gun is my God  
My gun has no sympathy  
My gun is my God  
See me bow and pray  
See me bow and pray  
And it's with me everywhere I go  
Everywhere I go  
And it tells me everything I know  
My gun is loaded  
My gun is my God  
My gun offers nothing  
My gun is my God
