

# Last Name

## Dmac

Last night I got served a little bit too much of that poison baby

    Last night I did things I'm not proud of

        And I got a little crazy

    Last night I met a guy on the dance floor

        And I let him call me baby

        And I don't even know his last name

        Oh, my mama would be so ashamed

    It started off "Hey cutie, where ya from?"

        And then it turned in,

        "Oh no, what have I done?"

    And I don't even know his last name

        We left the club right around three o'clock in the morning

    His Pinto sitting there in the parking lot Well it should have been a warning

    I had no clue what I was getting into

        So I blame it on the Cuervo

        Oh where did my manners go?

        And I don't even know his last name

        Oh, my mama would be so ashamed

    It started off "Hey cutie, where ya from?"

        And then it turned in,

        "Oh no, what have I done?"

    And I don't even know his last name

        Here we go...

    Today I woke up thinkin' about Elvis somewhere in Vegas

        I'm not sure how I got here

    Or how this ring on my left hand just appeared out of nowhere

        I gotta go

    I take the chips and the Pinto and hit the road

        They say what happens here stays here

        All of this will disappear

        There's just one little problem...

        I don't even know my last name

        Oh my mama would be so ashamed

    It started off "Hey cutie, where ya from?"

        And then it turned in,

        "Oh no, what have I done?"

    And I don't even know my last name

        What have I done

What have I done  
What have I done  
Oh, what have I done  
I don't even know my last name  
It turned into  
"Oh no, what have I done?"  
And I don't even know my last  
It started off "Hey cutie, where ya from?"  
And then it turned into  
"Oh no, what have I done?"  
And I don't even know my last name  
my last name
