Part of Me

Suzy Bogguss

I put a candle in the window
Then take a picture from the wall
Avoid all the places we'd go
Then wait around on your callThere's a part of me that wishes
All my dreams come true
And a part of me that prays
That I'll wake up someday over youI throw a penny in the river
Thinking that I'll bring you home
Then throw another right behind her
Hopin' that you don'tThere's a part of me that wishes
All my dreams come true
And a part of me that prays
I'll wake up someday over youThe way it comes and goes
Ridin' high, fallin' lowThere's a part of me that wishes
That all my dreams come true
And a part of me that prays
I'll wake up some sweet day over you
