

Love One Another

Mandrill

We must all learn to love one another
Peace with yourself and your brother
All learn to love one another
One for all all for one we will conquer

Neither one of us shall receive
We'll receive
When we are one... (repeat 2 times)

All learn to love one another
Peace with yourself and your brother
All learn to love one another
One for all all for one we will conquer

Neither one of us shall receive
We'll receive
When we are one... (repeat 2 times)

I see a brother
Lick down another
Witness a sister
Attacking she mother
Stick must be break in all you' ears
Writing on the wall for so many years
Law of Karma does show
You bound to reap all what you sow

Neither one of us shall receive
We'll receive
When we are one... (repeat 4 times)

All learn to love one another
Peace with yourself and your brother
All learn to love one another
One for all all for one we will conquer...(repeat)
