[Parralox](#)

Sharper Than a Knife was written by John von AhlenVerse 1

It was only a matter of time

Before I had to say goodbye

Johnny 7 knows I'm right

We talk about it all the timePre Chorus

I told you lies, I even compromised

I tell you

I'll never feel that way againChorus

Why did you try to change me I thought you'd realise?

It took me so long, but now that you're gone I'm fine!

You hurt me so bad, I don't know if you can understand

That your love cut me sharper than a knifeVerse 2

Now I hope you understand

Biggest person in the land

That is something you are not

My self respect is all I've gotRepeat Pre ChorusRepeat Chorus
