

Kody

Matchbox Twenty

Kody sat down on the avenue
He tapped his feet, to the humming of the highway
He watched the light shine down on the broken glass and thought
 I don't got no reasons, yet
 There it is and there it was
 It was clear to all of us
 We kept this hat of broken dreams
And we pulled them out, when we needed them around
So please hand me the bottle, I think I'm lonely now
 And please give me direction, I think the hurt set in
 I just caved in
 And I don't feel nothing
 There's a squeak hinge down on the back gate
 It lets us know if he comes around
 I don't sleep that good anyway
If you've never heard the silence, it's a God awful sound
So please hand me the bottle, I think I'm lonely now
 And please give me direction, I think the hurt set in
 And I don't feel nothing
 I don't feel nothing, no I don't feel nothing
There's nothing to feel good about here
Don't much get down to the avenue
 I could drive, but it takes so much to get there
 Don't get off on all the broken glass,
 The Cadillac scene, well
 I've seen a lot of good things die and I'm
In an over emotional way
So please hand me the bottle, I think I'm lonely now
 And please give me direction, I think the hurt set in
 So please hand me the bottle, I think I'm lonely now
 I'm lonely now, I'm lonely now
 I'm lonely now, I'm lonely now
 And please give me direction, I think I just caved
 But it ain't nothing
