

# Invincible

## Crossfade

I memorized all the words for you  
But if you only knew how much that's just not like me  
I wait up late every night just to hear your voice  
But you don't know that's nothing like me You know I wonder had you already figured out  
All these things that I try to hide  
All this time I've been hoping you don't find out  
All these things that I hide on the inside I can't be held responsible  
This is all so new to me  
Just when I think I'm invincible  
You come and happen to me I want to make sure everything is perfect for you  
If you only knew that that's not like me to follow through  
Maybe even give up on these dead end dreams just to be with you  
But you don't know that's nothing like me Hey, yeah, I wonder had you already figured out  
All these things that I try to hide  
All this time I've been hoping you don't find out  
All these things that I hide on the inside I can't be held responsible  
This is all so new to me  
Just when I think I'm invincible  
You come and happen to me Now I'm waking up, I've finally had enough  
Of this wreck of a lifetime, I never thought I'd survive it  
Now I'm taking back all I gave up for that  
Leave my pain behind, wash these stains from my life Just when I thought all was lost  
You came and made it all okay I can't be held responsible  
This is all so new to me  
Just when I think I'm invincible  
You come and happen to me I can't be held responsible  
This is all so new to me  
Just when I think I'm invincible  
You come and happen to me I memorized all the words for you  
If you only knew how much that's just not like me
