Phone

Radio Citizen

Phone
Don't be heavy in my hand
Phone
The pain grows with the numbers it sees
I will try one last time
Don't hang upCause I've been nice
I've been patient
I've been tender
Only cried inside
Gave you space
Stitched my own cuts
It made no sound
When you cut them upPhone
Don't be quiet in my hand
Maybe this line was always dead
