

Love Sensation

911

Don't go changing, rearranging
Don't go changing, rearranging
Hold on to a love sensation
If you ever go away
That would be my darkest day We've been drawn together
By love's chemistry
I was born to be by your side
Sure as the river meets the sea
We've only known each other
For a little while but you're my destiny I would move all Heaven and Earth
Just to set you free
In lover's liberty
Inject the chemistry
That's gonna move you
Never gonna lose you Don't go changing, rearranging
Hold on to a love sensation
If you ever go away
That would be my darkest day Lately I've been seeing
A little doubt in your eyes
You used to call me every day
And say the things
To keep me satisfied I would move all Heaven and Earth
Just to set you free
In lover's liberty
Inject the chemistry
That's gonna move you
Never gonna lose you Don't go changing, rearranging
Hold on to a love sensation
If you ever go away
That would be my darkest day Don't go changing, rearranging
Hold on to a love sensation
There's a power energy
That only flows from you to me
