

Mazel Tov

Chanel West Coast

It's mazel tov
It's mazel tov
It's mazel tov
It's mazel tov I spend it, spend it, spend it all
I spend it, spend it, spend it all
I spend it, spend it, spend it, spend it, spend it
Mazel tov Don't get mad at me, Molotov cocktail when I bomb a beat
West coast Chanel, got love for the east
Living like fairy tale beauty and the beast
Yo records don't sell 'cause you're doing the least
My records won't fail so call me the police
I'm reckless on will, kill 'em all, rest in peace
Got 'em overdose
I talk a good game but don't live a white lie
Not here for the fame but my business G5
Out of your range, can't see me, satellite
And you would never know such a vision
Know your flow, it's spitting for your fans
It's when the most of your shots ' criminal
And you ain't even seen nothing
Me and my team meet out here stunting Mazel, mazel, mazel tov
Mazel, mazel, mazel tov
Mazel, mazel, mazel tov
Mazel, mazel, mazel tov I spend it, spend it, spend it all
I spend it, spend it, spend it all
I spend it, spend it, spend it, spend it, spend it
Mazel tov Champagne by the case loads, case closed
Playing Jay Z, change comes while I change clothes
Maintain hoes, thought you came close but you ain't know me
Row, you an extra, lay low
Keep the gate closed, in my bed, never stayed home
Two Bentleys and a charcoal grey road
Got a mansion and some maids on the payroll
Your car mellow when my car fly, diamonds yellow like stars in the sky
I pop bottles while you serve fries
And you ain't never shown such initiative
Cave man, you from the tib, game plan is living big
You can't stand I'm living it
And we will always stay bumping

Start the dub like I push one buttonMazel, mazel, mazel tov

Mazel, mazel, mazel tov

Mazel, mazel, mazel tov

Mazel, mazel, mazel tovI spend it, spend it, spend it all

I spend it, spend it, spend it all

I spend it, spend it, spend it, spend it, spend it

Mazel tovNew concert's up like it's summertime

Sipping white wine on the beach, I'm another high

Then I made the cut like a summer ride

Wonder why I say what I want no matter what

From Darby to the Beverly

We shaking ass, spending cash, heard Beverly

Heart of me but I'll forever be a bad ass with class, Jacky Kennedy

High, clapping all the way to the bake 'cause I

Never took a break, stayed on my grind

Now you know my name, it's staying on your mind

And now we go show, we killing it, all them surreal beats

Top shelf, we hella best, success, they smelling it

And if you money, bitch, show something, if a dame suck your dick, quit fuckingMazel, mazel, mazel tov

Mazel, mazel, mazel tov

Mazel, mazel, mazel tov

Mazel, mazel, mazel tovI spend it, spend it, spend it all

I spend it, spend it, spend it all

I spend it, spend it, spend it, spend it, spend it

Mazel tov
