

Addicted (mary Jane)

Lil' Flip

Yeah, I wrote this song for M***
It's only one b*** I'd trade my dope for
A lot of ya'll, n***, spend all your money foolishly, man
Invest in that p***, that train wreck, that cat piss
You know what I'm sayin', I'm good
I be smokin' on that M***
Do you be smokin' on that M***? I wanna know
See, I'm addicted to that M***
Are you addicted to that M***? I need more
I be smokin' on that M***
Do you be smokin' on that M***? I wanna know
See, I'm addicted to that M***
Are you addicted to that M***? I need more
Hey, the first time you let me hit I really went with it
Now, love, I need your a*** every minute
I wake up early, feeling for a big b***
Plus the night, I gotta show in blow, man
I know you heard about the dirty, we so crunk
Give me a swish to fill it up, this s***
The h*** got me swirlin' when I tried
Leavin' with my money, love, I find no way to get h***
If you a b***, come blaze with me
Have a couple and now you're feelin' dizzy
You know I gets busy, chiefing back to back
About the cough, now for long, n***, hit it back
I be smokin' on that M***
Do you be smokin' on that M***? I wanna know
See, I'm addicted to that M***
Are you addicted to that M***? I need more
I be smokin' on that M***
Do you be smokin' on that M***? I wanna know
See, I'm addicted to that M***
Are you addicted to that M***? I need more
Hey, hey, you know the highlight, this w*** messin' up my eyesight
At night time I can't drive right, you wanna feel what my vibe like
Then put twenty-eight g*** in my pipe, I bet you guess you're right
And f*** what you heard, w*** is the best thrill
So, love, mamma, you can keep them ex-pills
Cali got the best kill but Amsterdam got everything, oh, yeah

Huh, and you can smoke on streets, watch my DVD
I'm in love with W***
Please pass the b***, don't hold the b***
'Cause if the laws come, you'll go the first to run, b***
I be smokin' on that M***
Do you be smokin' on that M***? I wanna know
See, I'm addicted to that M***
Are you addicted to that M***? I need more
I be smokin' on that M***
Do you be smokin' on that M***? I wanna know
See, I'm addicted to that M***
Are you addicted to that M***? I need more
Hey, hey, this last verse go be shortest, f***
That's when I had a o*** but I smoked it up
Got gain from the OG and I soaked it up
In three years three albums, I'm platinum plus
Now I'm copying B*** like it ain't no thang
But not on Tuesdays and Thursdays 'cause them people swing
Now why you choking, my n***? You can't handle it
Well, take this, give me that, smoke a K***, trick
I be smokin' on that M***
Do you be smokin' on that M***? I wanna know
See, I'm addicted to that M***
Are you addicted to that M***? I need more
I be smokin' on that M***
Do you be smokin' on that M***? I wanna know
See, I'm addicted to that M***
Are you addicted to that M***? I need more, yeah
