

# This Time

## Carrie Underwood

Maybe its the way that the stars are aligned  
That's making me feel this way tonight  
Maybe its the words you left unsaid  
Maybe its the stardust in my head But I wanna tell ya, that my heart is bustin' at the seams  
Yeah, and I can't wait another minute  
Life is short  
Love is sweet  
Ain't no time like this time, baby Maybe its the way that the night is still  
Or the sound of the rain on my windowsill  
Thats making all the pieces fit  
Making it all make perfect sense But I wanna tell ya, that my heart is bustin' at the seams  
Yeah, and I can't wait another minute  
Oh, life is short  
Love is sweet  
Ain't no time like this time, baby Ooooh yeah It goes by so fast  
Can't get it back  
There ain't no time  
Like this time... Yeah, I just wanna tell ya, that my heart is bustin' at the seams  
Yeah, and I can't wait another minute  
Ohh, life is short  
Love is sweet  
Ain't no time like this time, baby.  
My little baby Maybe its the way that the stars are aligned  
And there ain't no time, ain't no time,  
Ain't no time like this time, baby  
Oooohh yeah. Maybe its the way that the night is still  
Or the sound of the rain on my windowsill  
Yeah, yeah
