Morphine Child

Savatage

There's a thief on a summer's night
Across an ocean
Who sees another's life fading awayAnd of this life he writes
Without emotion
Then pushes it from sight
Somewhere faraway
To a distant land
Every tear betrayed
And never makes
And never makes
And never makes
And never makes a stand
never Makes a stand
Lord there's something wrong
never Makes a standCould a star's forgotten light
A child's devotion
Embrace eternal night
In shallow gravesAs we watch from distant heights
No breath or motion
Still every ghost must haunt in its own way
Sleep beneath my dreams
Safe within my hands
Where I never under
Never under
Never understandLord there's something wrongNo one remembers
No one denies
No one asks questions
No one repliesHere nothing enters
Nothing departs
Here nothing's ended
If nothing startsIn your life could you carry on
Could you never think about it
Till in time you start to doubt itThen you close your eyes
Is it really gone
How in truth can you defend her
If you're really not rememberingNo regrets
If you just forget
If a memory is lenient
You can find it most convenient

So you let it fade
Till it's very vague
Just a silhouette of shadows
But the shadows are still lingeringStill I hold you there
With your endless stareI'm too old to be living this
Lived to long to be given this
Can our god be forgiving thisI had a light that shined
Across my mind
Rarely see it any moreNow it is mostly dark
Accept for sparks
Can't remember what they're forI am the morphine child
The dream defiled
The never ending metaphor
I am the wizard oz
Result and cause
Never look behind that doorCantations
Cantations
Cantations
CantationsNever listen to the crowd before me
Never listen to the self ordained
Never really wanted to believe it any wayTime is fading
Night is calling
I am on my wayTurn around turn around
Turn around turn aroundTime is fading
Night is calling
I am on my...
