

# Hoodoo Man

**Eric Clapton**

Well, I wonder, what's exactly the matter  
Child you know the time  
Seemed like an hour  
Everything had changed But I hold up my head  
Girl, I'm just trying to make you understand  
Well now, everybody tell me  
Somebody hoodoo'd the hoodoo man Well now, I buzzed your bell this morning  
You had your elevator run slow  
I buzzed your bell in, woman  
Take me on the third floor Well, I hold up my head  
Girl, I'm just trying to make you understand  
Well now, everybody tell me  
Somebody hoodoo'd the hoodoo man Well, I buzzed your bell this morning  
You had your elevator run slow  
I buzzed your bell in, woman  
Take me on the third floor I hold up my head  
Girl, I'm just trying to make you understand  
Well now, everybody tell me  
Somebody hoodoo'd the hoodoo man Well, I wonder, what's exactly the matter  
Child you know the time  
Seemed like an hour  
Everything had changed I hold up my head  
Girl, I'm just trying to make you understand  
Well now, everybody tell me  
Somebody hoodoo'd the hoodoo man
