

# Miles

## Christina Perri

I'm scared today,  
More than I told you I was yesterday  
Give me a moment to catch my breath  
And hold me every second left

Proud of me,  
That's the only way I want you to be  
Look at me and love what you see

I won't make it alone  
I need something to hold

Kiss me in my shoulder  
And tell me it's not over  
I promise to always come home to you

Remind me that I'm older  
To be brave, smart, sweet and bolder  
And don't give up on what we're trying to do  
  
Don't count the miles, count the i love you's

We made it out,  
And all the people are asking how  
This doesn't even sound like truth  
To grow from a bruise

But one day we will realize  
How hard it was,  
How hard we tried  
And how our hearts made it out alive

Kiss me in my shoulder  
And tell me it's not over  
I promise to always come home to you

Remind me that I'm older  
To be brave, smart, sweet and bolder  
And don't give up on what we're trying to do

Don' t count the miles, count the i love you's

And these are words I wish you said  
But that's not how it went  
Cause you gave up on us in the end

I won't make it alone  
I need something to hold

Kiss me in my shoulder  
And tell me it' s not over  
I promise to always come home to you

Remind me that I'm older  
To be brave, smart, sweet and bolder  
And don't give up on what we' re trying to do (X2)

Don' t count the miles, count the i love you's
