The drums

Alchemic Storm

wooooooooooooooo
the drums once loudly resonant
dont resonate in tune
a drumming feels a little slow
yet somehow comes too soon
bruuuuu? skin cant take another hit
without you
the pockets were once lined in time
the seems seemed to pay a thread
emptying my pockets now finds crumbs where there was bread
smoooooth skin asking only for a hit
and asking nice
the drums the drums the drums
the drums the drums the drums
the drums the drums the drums
