

*Bullets (Sasa Savic Remix)

Editors

If something has to change then it always does
If something has to change then it always does You don't need this disease, not right now
No, you don't need this disease, not right now Oh you don't need this disease you don't
You don't need this disease If something has to give then it always will
If something has to give then it always will You don't need this disease, not right now
No, you don't need this disease
Not right now, no, no, not right now You don't need this disease you don't
Would you fall down
Would you fall down Oh you don't need this disease you don't
You don't need this disease you don't know, won't fall down You don't need this disease you don't
You don't need this disease you don't
