

# Two More Years (bonus tracks)

## Bloc Party

In two more years, my sweetheart, we will see another view  
Such longing for the past for such completion  
What was once golden has now turned a shade of grey  
I've become crueler in your presence They say: 'Be brave, there's a right way and a wrong way'  
This pain won't last for ever, this pain won't last for ever Two more years, there's only two more years  
Two more years, there's only two more years  
Two more years so hold on  
Two more years, there's only two more years  
Two more years, there's only two more years  
Two more years so hold on You've cried enough this lifetime, my beloved polar bear  
Tears to fill a sea to drown a beacon  
To start anew all over, remove those scars from your arms  
To start anew all over more enlightened I know, my love, this is not the only story you can tell  
This pain won't last for ever, this pain won't last for ever Two more years, there's only two more years  
Two more years, there's only two more years  
Two more years so hold on  
Two more years, there's only two more years  
Two more years, there's only two more years  
Two more years so hold on You don't need to find answers for questions never asked of you  
You don't need to find answers  
You don't need to find answers for questions never asked of you  
You don't need to find answers (dead weights and balloons)  
(drag me to you)  
(dead weights and balloons)  
(drag me to you)  
I've become crueler since I met you  
(dead weights and balloons)  
I've become rougher, this world is killing me You don't need to find answers for questions never asked of you  
You don't need to find answers  
You don't need to find answers for questions never asked of you  
You don't need to find answers
