Sally Is A...

Shwayze

Sally is a Hippie girl one day
Sally is a Rock chick the next
Sally is a Hiphop Baby then a drip pop lady
But there's one thing Sally says everyday, its
She loves me, She loves me just the way I am (yeah)
She loves me, She loves me just the way I am
(Hey, hey, hey)I got a girl named Sally, she like to keep it trendy
One day its hippy chic, next day its gucci fendi
She got a gold chain, like it was 1980
She buys 3 magazines a week, just to see who I'm datin'
I been to Paris, London, & still.. i come back to Sally
Cuz' I know how she feelsSally is a Hippie girl one day

But there's one thing Sally says everyday, its

She loves me, She loves me just the way I am
(Just the way I am)I got a girly girl, but she's a tomboy
She like to go nuts, my little almond joy
I try to make her blush, but she's just way too tough
Yeah she's so emo with her makeup and her haircut
She's a rich girl but she could careless; American Apparel
With her dads American Express. She's a college girl
Lettin' lose at night In a mini skirt, sippin' goose and sprite
Shes all around the world, she ain't your average girl
And everytime I leave, I'm comin' back to herSally is a Hippie girl one day

tell me where you wanna go and i take you there
