

Spaceship

Rebel Souljahz

My life is on a spaceship
I don't know where it's headed
I miss our conversations
The way you used to love me
Oh you know Back on Earth we had a good time
White wine
Dancing underneath the starlight
Just you and I
You kissed me from your lips the first time
And my my my
I can tell a lie
But I'd sacrifice my day for one day with you
Jah jah knows I would be there
One thing's for sure Even when the rain is falling
You know me in the middle of the storm
Somewhere out there in the flood
You know that I'm there no umbrella
Cuz the rain ain't always bad
Through the rain our seeds can grow
I hope you think of home
I'll never leave you lonely I'm wishing on a spaceship
The tears don't drown you baby
I know my destination
Is nowhere near you
It's killing me for sure
You know Back on Earth we made some good plans
To romance
Making sweet love to slow jams
No hesitance
I'll give you all of me baby
And you'll give me all of you
And nobody minded so
I always knew that we would be inseparable
Baby I know the times change
But this love's still the same
One thing's for sure Even when the rain is falling
You know me in the middle of the storm
Somewhere out there in the flood
You know that I'm there no umbrella

Cuz the rain ain't always bad
Through the rain our seeds can grow
I hope you think of home
I'll never leave you lonely Through space and time
You'll always be mine
And nothing in this galaxy can keep me from your light
We left this world behind us
The day we fell in love
So even if it all falls down
Loving you's enough Back on Earth we had a good time
White wine
Dancing underneath the starlight
Just you and I
You kissed me from your lips the first time
And my my my
I can tell a lie
But I'd sacrifice my day for one day with you
Jah jah knows I would be there
One thing's for sure Even when the rain is falling
You know me in the middle of the storm
Somewhere out there in the flood
You know that I'm there no umbrella
Cuz the rain ain't always bad
Through the rain our seeds can grow
I hope you think of home
I'll never leave you lonely
