

You Had Me from Hell No (feat. Lil Jon)

John Rich

But you erupt, but you erupt, but you erupt
Yeah, this your boy, Lil Jon
Getting it crunk with my homeboy
John Rich, Rich rocks
Aw yeah A shot of Jack, double-stack, was my plan of attack
But you sent it right back
I walked by all fly and I gave you the eye
But you rolled yours back You ain't budging but I ain't give up yet
The colder your shoulder, the hotter I get 'Cause you had me
Baby, you had me from "Hell, no"
You know it makes me wanna go-go
When you ain't turned on by my gun show But you erupt like a volcano
You roll a drive in my libido
Girl, you ain't got to say no more
'Cause you had me from "Hell, hell, hell, no" It's so hot, when you walk and you talk that talk
And you're blowing me off
I get amused when you use and you abuse
All this pride I've got, darling Well, shoot me down, baby, take your best shot
You know I'll take everything you've got 'Cause you had me
Baby, you had me from "Hell, no"
You know it makes me wanna go-go
When you ain't turned on by my gun show But you erupt like a volcano
You roll a drive in my libido
Girl, you ain't got to say no more
'Cause you had me from "Hell, hell, hell, no" Well, you had me
Cowgirl, you had me from "Hell, no"
You know it makes me wanna rodeo
When you ain't turned on by my G-U-N show But you erupt like a volcano
You roll a drive in my libido
Girl, you ain't got to say no no more
'Cause you had me from "Hell, hell, hell"
Yeah, you had me from "Hell, hell, hell"
Yeah, you had me from "Hell, hell, hell, no" Shoot
G-g-go
G-g-go
G-g-go, g-g-go, g-g-go
