## Suicide Commando

One death  
One try  
Are you sure ?  
Do you really want to die ?  
One life  
One cry  
Go away  
You're nothing but a lie  
One shot  
And you'll die  
In the head  
In the centre of the eyes  
One gun  
One try  
My god,  
Do you really want to die ?Do you really want to die ?One death  
One try  
Are you sure ?  
Do you really want to die ?  
One step  
One try  
on the edge  
Do you really want to try  
One tempt  
One cry  
I can't cope  
I no longer want this life  
One rope  
One try  
My god,  
Do you really want to die ?Do you really want to die ?  
Do you ?
