

# Outshine

## Celestial Season

long blind kiss from the beauty queen  
daddy said I'm dancing on a mine  
but if I ruled the world  
if I was made king  
watch me play for joker all the time honesty... outshine  
it breaks the mass fear comes through with all it's hell  
out here in the dark I play it cool  
what do you want from me?  
out here in the dark I play the fool I'm restless in a world where all the eyes are meant to see  
I'm restless in a world with all the shiny jewellery  
I'm restless in a world where all the lies are meant to be
