Beautiful Bride

Flyleaf

Beautified diversity, functioning as one body
Every part encouraged by the other
No one independent of another
You're irreplaceable, indispensable
You're incredible, incredible
Beautiful bride, body of Christ
One flesh abiding, strong and unifying
Fighting ends in forgiveness
Unite and fight all division, beautiful bride
Strengthen your arms now, train your fingers for battle
Urgency's here now, train your fingers for battle
Fighting this violence with your feet wrapped in peace
Sad tears and silence, now screams of joy, victory
Beautiful bride, body of Christ
One flesh abiding, strong and unifying
Fighting ends in forgiveness
Unite and fight all division, beautiful bride

Beautiful bride, body of Christ
One flesh abiding, strong and unifying
We're not gonna fall and forget
How far you went to pick us up
If one parts hurt the whole body's sick
If one part mourns we all mourn with him
Rejoice, we'll sing with you
Hallelujah, hallelujah, hallelujah, hallelujah
Beautiful bride, body of Christ
One flesh abiding, strong and unifying
Fighting ends in forgiveness
Unite and fight all division, beautiful bride
Beautiful bride, body of Christ
One flesh abiding, strong and unifying
Fighting ends in forgiveness
Unite and fight all division, beautiful bride
