

# Beautiful Bride

## Flyleaf

Beautiful diversity, functioning as one body  
Every part encouraged by the other  
No one independent of another  
You're irreplaceable, indispensable  
You're incredible, incredible  
Beautiful bride, body of Christ  
One flesh abiding, strong and unifying  
Fighting ends in forgiveness  
Unite and fight all division, beautiful bride  
Strengthen your arms now, train your fingers for battle  
Urgency's here now, train your fingers for battle  
Fighting this violence with your feet wrapped in peace  
Sad tears and silence, now screams of joy, victory  
Beautiful bride, body of Christ  
One flesh abiding, strong and unifying  
Fighting ends in forgiveness  
Unite and fight all division, beautiful bride

Beautiful bride, body of Christ  
One flesh abiding, strong and unifying  
We're not gonna fall and forget  
How far you went to pick us up  
If one parts hurt the whole body's sick  
If one part mourns we all mourn with him  
Rejoice, we'll sing with you  
Hallelujah, hallelujah, hallelujah, hallelujah  
Beautiful bride, body of Christ  
One flesh abiding, strong and unifying  
Fighting ends in forgiveness  
Unite and fight all division, beautiful bride  
Beautiful bride, body of Christ  
One flesh abiding, strong and unifying  
Fighting ends in forgiveness  
Unite and fight all division, beautiful bride
