Skynyrd Family

Lynyrd Skynyrd

Well, it looks like it's another
Skynard family Christmas time
Well, well, well, wellSeems like [Incomprehensible] New Years Day
Started out in old L.A
Those big wheels keep turnin' once againBut this bus we ride, we call our home
Well, this what keeps us movin' on
But 11 months on this road, I'm goin' homeFamily say they're trimmin' the tree

Just like Santa, I'll be right on timeThirty eight will be there too CDB will be guidin' you

Cookin' that turkey, waitin' on me

To another Christmas timeSleigh bells ringin', children singin'
It's another Skynard family Christmas timeOh, pick an excuse
That's right, dig deepChristmas timeSleigh bells ringin', children singin'
It's another Skynard family Christmas timeWell, it's another Skynard family Christmas time

It's another Skynard family Christmas timeWell, it's another Skynard family Christmas time
Yeah, it's another Skynard family Christmas time
That's rightIt's another Skynard family Christmas time
