

# The Balfron Tower

## Champs

I've lived in dreams for two years now  
Walked a hundred miles, and who knows how  
I left you standing cold with your midnight stare  
A breathless gaze to who knows where  
Saw you married dreams in the Balfron night  
Collecting all that canary light  
I stood by you in the dancing snow  
A devil tells me I've got to go  
And I'm sorry  
Honey, I'm sorry  
And I'm sorry  
Honey, I'm sorry  
I watched your world for a part in time  
Your dancing dreams on a country line  
I saw you through another's eyes  
Then in time to my surprise  
I was sworn by God to cut him down  
Your brand new man in your brand new town  
The tattered snow and your tattered gown  
I got my devil to come around  
And I'm sorry  
Honey, I'm sorry  
And I'm sorry  
Honey, I'm sorry  
And I'm sorry  
Honey, I'm sorry  
And I'm sorry  
Honey, I'm sorry  
Ooh  
And I'm sorry  
Honey, I'm sorry  
And I'm sorry  
Honey, I'm sorry
