Love Bug

Joseph Vincent

Here is love bug
Found in heaven
Yeah, love bug is blind
And one of a kind
It is growing
It's all knowing
It is glowing bright
Bright red

And so, I'm in love
Yeah, love bug, his kind
Will forever shine
So open up your heart and let it in or
Or check inside
It is growing, it's all knowing
It is glowing bright, bright
Bright red
