

I Ain't Heard Of That (remix)

Slim Thug

[Intro - Pharrell Williams]STAARRR TRAAAK RIIDERS YEAH!!! (WHOO! C'MON!)

[Chorus - Slim Thug + Bun B]I don't take 'em out to eat

I ain't here to trick or treat

I ain't trying to fix your weave

I ain't heard of that!!

I'm just here to train ho's

Put 'em on the main road

Teach 'em how to 'Change Clothes'

I know you heard of that!!

Change your whole attitude

It's time to take off your cool

If it make you wanna move, then move

My niggaz get up on it, live bitches throw it back

Ma, act like you want it

I know you heard of that!!

[Verse - Slim Thug]I'm the Young Texas A-Rod, KG of the game

LeBron James, you niggaz must not know my name

I'm Slim Thugga motherfucker! Tha Big Boss of the South

And I don't just talk it wit my mouth

I back it up wit my vow

Before Jimmy cut the check, it was 50 on my neck

And over 50 in my ear, I'm the Rookie of the Year

I'm here - for the 'Takeover', not out to replace Hova

But there's a new hustla in town, yeah the break's over

Don't get me confused wit the rest of them dudes

I've been Tha Boss down South, I'm just new to a few

Please believe, them niggaz don't do what I do

I got everything them other rappers got times two (WHOO! C'MON!)

[Chorus][Verse - Bun B]If your gangsta, show your trill

If your pimping, show your ring

If you balling, show your paper

If you shining, show your bling

King of the Underground, holding the throne down

Want to try and take it from me, hater come on down (c'mon!)

Built for business, and God as my witness

Have you running a country mile and not for physical fitness (hold up!)

When we pulling toys and get to making some noise

You got to get somewhere like them Jumpoff Boys here (For real!)

So clear the corners homeboy, move around (move around!)
Get to stepping homeboy, do it now
I ain't busting no warning shot, I pop if I pull it
So if we fight tonight somebody gon be biting a bullet
I'm a dirty south gangsta, me and Slim Thug
And no matter where we go they show us nothing but love
For life! It's UGK and we ain't playing
And if you ain't screaming "Free Pimp C!" what is you saying?
Cause I ain't heard of that! (WHOO! C'MON!)

[Chorus][Bridge - Pharrell Williams]Go on and move your cool if you want to (get out your seat girl)
Go on and make your moves if you want to (I said get up)
You can act a fool if you want to, you know you wit them
STAARRR TRAAAK RIIIDERS YEAH!!!

[Verse - Slim Thug]I'm that new problem outta Houston, you got word of that?
It's Slim Thug and Neptunes, I know you heard of that
Ask your girl, she'll tell ya the truth
Your boys cool, but you can't fool wit the Boyz-N-Blue
I got something on my neck worth more than yo house
I got something in my yard worth more than yo spouse
I got something on my wrist worth more than ya team
And that car you think clean ain't worth more than my ring (hold up!)
Who yo know roll Bentley 'fore the album drop?
And still got a few from Pharrell to make the album hot? (Thugga!)
Yeah I hear y'all but don't see you niggaz
Y'all just making words rhyme, y'all ain't seeing no figgas (WHOO! C'MON!)

[Chorus][Bridge]
