## Barenaked Ladies

Turkey is done, reviews are mixed  
When's mom gonna get that hearing aid fixed?  
Hold still  
And wait for the click  
You're in this year's Christmas pics Brother, we don't agree  
About the government and where to put the tree  
Hold still  
And wait for the click  
We're in this year's Christmas pics Flashbulbs and wine  
And 'hold that smile'  
Everyone's here  
Flown for miles  
Looks like we've stood the test  
And we're looking our best Tears rolling down my nephew's face  
Santa's house can be a scary place  
Hold still  
Wait for it  
Hold still  
Wait for the click  
We're in this year's Christmas  
This year's Christmas  
This years Christmas pics
