

# Want It All

## Folkland

[Shock G]I wanna go up downtown get around town  
Out of town for about a month overnight  
While the sun's shining bright in the middle  
Of the warm cold freezing hot night, that's all  
[Money B]I wanna put it in out through over and under  
Shake and bake, first take heed the boots and blunder  
I'm ready to feel the ninth wonder, ready for it all  
[Shock G]When I'm way up high I walk the edge I'm on the verge  
I get the urge I wanna jump can't do it suicide  
But I wonder what it's like to fall, cause I want it all  
[Humpty Hump]Lemme get a fruit juice lemon drop soda pop  
Popcorn candy bar chocolate ice cream and hennessy  
I want it aalll, yeah, I want it aaallll!  
Yo, I want Anita Laquita Shakiyla Lolita  
Diana Hannah Rosanna, dookie-braid wearing Kelly  
Shelly the redhead and big booty Emily, I want em all  
  
[Clee]Yo I wanna smoke about an ounce and bounce  
To your local discount lah spot picking up large amounts  
I wanna pound extra thick quinton asked no questions  
Nuff lah for the session, I want it all  
I WANT IT ALL! [x4]  
[Shock G]I wanna have a tight body meet a physically fit girl named Holly  
Who likes to ride the bikes exercise and go running  
But I also wanna lay around the rest and get blunted  
[Humpty Hump]I want a fat crib and a car and boat and a good business  
And a dope biznitch to share the fantasy with me  
And live virtually responsibility free, I want it all g  
[Shock G]I goes for mine all the time I'm first in line  
You better get behind me, you're no friend of mine see  
I want it all, I like to kick the knowledge and do good  
But I still wanna be that pimp nigga in the hood  
Yes, I want it all-ac
