Choose (Dav'e Radio Edit)

Color Me Badd

You know I'm not much on words
But I've got to tell you how I feel
Open your eyes, don't try to hide my love
So hard to say but I think it's best
Gotta give your heart its time to heal
When you're ready, I'll be thereSometimes I try and
Sometimes I cry
Only love will make me do what I don't wanna do
Anything you want me to
I will live or die--you chooseI'm serious when I tell you, Love
That little heartbreak
Is ten to a dime
Don't be afraid
Just turn the page my love
I'm curious when the day will come
I see my reflection in your eyes
Take your time and I'll be thereSometimes I try and
Sometimes I cry
Only love will make me do what I don't wanna do
Anything you want me to
I will live or die--you chooseSometimes I try and
Sometimes I cry
Only love will make me do what I don't wanna do
Anything you want me to
I will live or die--you chooseOnly love, only love
Only love, only loveLooking through my eyes at the world
can't you see
Every time i see your face
There's a choice to be madeWalking hand in hand
Through the sands of time
As I peer into the past
Foreign steps are terrorizingWatching what is now
There's a fork in the path
Of the future of your life
Which road shall you chooseChoices to be made
Past and present
It's not easy
But my love will let me die
Until your heart resurrects meSometimes I try and

Sometimes I cry
Only love will make me do what I don't wanna do
Anything you want me to
I will live or die--you chooseSometimes I try and
Sometimes I cry
Only love will make me do what I don't wanna do
Anything you want me to
I will live or die--you chooseSometimes I try
Sometimes I cry
Sometimes I--Oh ah oh ah ohhhh ahh, Baby
I would even die for you
I would even die for you
I would even die for youI will live or die--you choose....
