## Toxic Holocaust

Born with the mark
devils fucking sign
the powers from hell
soon will be mine
Kill at first sight
evils in my blood
Satanic Blasphemies
Killing all thats good
death and destruction
fires my tool
following jesus
your a fucking fool
invert the cross
destroy your church
evil will reign
on this fucking earth

666
666Mark of the beast
rises from my skin
rape a fucking nun
ungodly sin
attack the priest
as he stands in fear
slit his fucking throat
ear to fucking ear
death and destruction
fires my tool
following jesus
your a fucking fool
invert the cross
destroy your church
evil will reign
on this fucking earth
