Stick a Toe In

Dinosau

Can I walk alone?
Can I stick a toe in it so I think it's fine
How far should I go?
Will it be enough to feel it slipping through my mind?
It's time I check the plan,
Can I meet you, understand?
Take my hand, don't let her teach you
Of the feeling, you deserve anythingCan I go again?
Feeling really tired but after something what you said
Slap me hard instead
Seems like the best way to fill the couple of my hand
Time I check the plan
Can I meet you, understand?
Take my hand, don't let her teach you
Of the feeling, you deserve anythingI got lost... please don't leave me,
Make... to see I was wrong
I got so much faces and I will waste it
Now... around
I got lots to tell you, please don't let me
Walk me... to be strong
I got my love for you, you keep me it's at leastCan you help me along with thingsCan I walk alone?
Can I take a seat it's just too much to know
How much should I show
Really need enough to feel it
So it's time to go
Time I check the plan
Can I meet you, understand?
Take my hand, don't let her teach you
Of the feeling, you deserve anything
Tell me where to go, should I meet you
I don't know
I can't stand, to make an issue, of a feeling
When we know we shouldn't do
I got lots to tell you, please don't let me
I got so much faces, I will waste it
Now, take me where I belong
I don't know where I went see you...
Can't you sing me a song?
I'm exploding here, can you get me, it's at least

Can you have me along
I'm old, I'm old, I'm old,
I'm old, I'm old, I'm old.
