

# Your Love Echoes Around The World

## Royal Scots Dragoon Guards

Your gentle love has sweet embraced  
All the memories I had to hold  
When I close my eyes  
I see your face  
Your love echo's around the world.

In my dreams I hold you close to me  
In the stars you shine like gold  
Its the beat of your heart  
That sets me free  
Your love echoes around the world

As the shadows fall the sun will rise  
I surrender you my soul  
And I know you guide  
Me there to you  
Your love echoâ€™s around the world

Your precious love and sweet embrace  
Is all I have to hold  
But I know one day  
Iâ€™ll see your face  
your love echoâ€™s around the world  
your love echoâ€™s around the world  
your love echoâ€™s around the world
