Italian X Rays

Steve Miller Band

I went to bed late last night
Pulled down the shade
And turned out the lightI fell asleep, and I began to dream
The most extraordinary beautiful dream
Incense and perfume filled the air
The sound of music was everywhereI met a woman by a babbling brook
She was gifted, she was wise
She was reading a book
She talked about virtue
She talked about vice
She acted kinda naughty
But she looked real niceI could see her body move
To the rhythm, to the beat
Of a powerful groove
Her lips are red
Her body is soft
She is a movin' volcano
Man, I mean she's hotShe got the long cool legs
She got the sexy sexy style
She got the cool sweet walk
She got the beautiful smileWhen I awoke, it was the break of day
I got to go to work, I got to earn my pay
I am a man who works on the line
I'm the muscle, I'm the blood, I'm the overtime
I gotta lift that bail
Work my fingers to the bone
You know I can't stop the train
I gotta let it roll onNo need to dream about it anymore
'cause I found my dream lover on the 13th floor
Incense and perfume filled the air
The sound of music was everywhereI met a woman by a babbling brook
She was gifted, she was wise
She was reading a book
Her lips are red
Her body is soft
She is a movin' volcano
Man, I mean she's hotNo need to dream about it anymore
'cause I found my dream lover on the 13th floorShe got the long cool legs
She got the sexy sexy style

She got the cool sweet walk
She got the beautiful smileShe got the long cool legs
She got the sexy sexy style
She got the cool sweet walk
She got the beautiful smileHer lips are red
Her body is soft
She is a movin' volcano
Man, I mean she's hotNo need to dream about it anymore
'cause I found my dream lover on the 13th floorShe got the long cool legs
She got the sexy sexy style
She got the cool sweet walk
She got the beautiful smileShe got the long cool legs
She got the sexy sexy style
She got the cool sweet walk
She got the beautiful smileDoo wappa doo wappadoo wappa doot
