# Looks Good With Trouble

## Solange

Hey little heartache, skipping out of town and
Let's stay out of trouble, you make it look good

Hey young heartache, you're looking kinda charming
On the cul-de-sac, when nobody comes loop

Hey, little heartache, turn us to the highway
Let's get into trouble, you make it look good

Hey young lover, first left on the Broadway
Take me to the bridge but be sure to come look

Hey young heartache, you're looking kinda charming
On the cul-de-sac, when nobody comes loop

Hey, young lover, turn us to the highway
Let's get into trouble, you make it look good
