

# Hypnotique (feat. Charlotte Haining)

## Varien

Chanting starts to overcome my mind  
Whispering, begging me to find  
(Whispering)  
A clear answer, undefined  
(An answer undefined)  
An unexplained desire to run to you  
A demand, a hunger I won't lose  
(A hunger I won't lose)  
An enticing yearning for you  
For you So show me, the nights I dream about  
Enchant me, let my illusions out Calling out to me through tainted eyes  
Consuming every power in sight  
(Consuming every power)  
A presence, a being I ignite  
I ignite So show me, the nights I dream about  
Enchant me, let my illusions out
