Lucky Man

Steve Miller Band

Oh, the days are gettin' brighter
Yeah, I'm a lucky man
Got the smile comin' on
Reach out and shake my handCause just to see you in the morning
Well, honey it makes me smile
That you keep on keepin' onGet me down off of this here
I can't feel, it's not too clear
And how I worry when you're not nearBut it's all so easy
Yes, it's all so easy to please, babeLife's gonna be my pleasure
If I can only get enough
But I feel it all up around me
And the pain gets so roughIf you come right here and love me
You know I'll make it true
That you keep on keepin' on
