Vindictive

Absolution Project

you don't know
but i'm after you
you watch me as
i come for you
right now i feel
so vindictiveties that bind
won't disguise
things that we can't change
if i decide to redefine myself
my head won't hang low
for anyone, feeling better off
than the way i feelso vindictive
so vindictiveyou can't see
but i'm watching you
i think of things
i'm gonna do to you
right now i feel
so vindictiveso vindictive
so vindictiveties that bind
won't disguise
things that we can't change
if i decide to redefine myself
my head won't hang low
for anyone, feeling better off
than the way i feeli'm feeling so down
down
i'm feeling so down
down
you're dragging me down
down
you're dragging me down
down
i'm bringing you down
you know i will bring you downties that bind
won't disguise
things that we can't change
if i decide to realign myself
from all that i know
or anyone, feeling better off

than the way i feel
you're after me
i'm after you
ideal simplicity for
implementing a change
if i decide to redefine myself
my head won't hang low
for anyone, feeling better off
than the way i feel
